PROPOSAL FORM

# **Important**

Please answer all questions from each section relevant to your application. Tick the appropriate boxes where necessary and supply any further information requested. If there is insufficient space to complete any answer, please continue at the end of this form or on a separate sheet of paper.

This Proposal Form is a record of the information which you have given to your broker and on which the insurance policy will be based. You are required to disclose all material information or sufficient information to put a prudent insurer on notice that further enquires may be needed. A material fact is one which will influence the judgement of a prudent insurer in determining whether to take the risk and if so on what term.

A failure to disclose information or if you provide inaccurate information may entitle Travelers to avoid the policy or may have an impact on the cover available to you and may mean that claim is not paid or is not paid in full.

The completion and signature of this proposal form does not bind the proposer or Travelers Insurance Company Limited to complete a contract of insurance.

Please refer to the policy wording for details of the cover provided.

# **Using Personal Information**

How we treat information about you and your rights under the Data Protection Act 1998

Travelers Insurance Company Limited may collect certain personal information about our policyholders, prospective policyholders, any person connected to policies held by our policyholders, or connected to prospective policyholders ('Data Subjects').

### Data

In order to provide cover under an insurance policy, to assess or pay a claim we need to collect and process personal information about:

- a) the person or property that we are being asked to insure,
- b) any third-party claimant, i.e. someone making a claim against our customer,
- c) property for which repair or replacement costs are being sought under our customer's insurance policy belonging to our customer or a third-party.

We will seek different information depending upon the kind of insurance cover we are being asked to provide or the kind of claim we are being asked to assess or pay.

Some of the information we collect may be classified as 'sensitive personal data', which is information that may contain information about physical or mental health, religious beliefs and criminal and disciplinary offences (including convictions).

### **Purpose**

Personal information or sensitive personal data may be collected and or used in a number of ways including:

- a) considering an application for insurance,
- b) underwriting or binding of an insurance policy,
- c) conducting our relationship with policyholders and persons associated with such policies, including third party claimants,
- d) policy administration,
- e) claims administration,
- f) preventing and detecting fraud, including providing information to the relevant authorities.

### **Third Parties**

In the case of policies that have been issued, we may pass information to members of the Travelers group, our reinsurers, professional advisers, loss adjusters or agents if necessary for the performance of the insurance contract or as required by law (including providing the information to government or regulatory authorities). This may involve the transfer of your information to countries which do not have data protection laws equivalent to those in the European Union in which case we shall ensure that the information is appropriately protected. In particular, medical information may be processed in the United States of America for the purposes of assessing and processing a claim.

We may also share the information with, and obtain information about you and/or your employees or agents from credit reference agencies and/or fraud prevention agencies.

### Claims Data

Insurance companies share claims data:

- a. to ensure that more than one claim cannot be made for the same personal injury or property damage,
- b. to check that claims information matches what was provided when insurance cover was taken out, and
- c. when required, to act as a basis for investigating claims when our recorded information is incorrect or when we suspect that insurance fraud is being attempted.

You should provide us with the correct information if you are making a claim under your own policy or, if you are a third party, a policy held by one of our customers.

## Marketing

With consent of the data subject, personal data may be processed for the purposes of marketing similar goods and services. Data subjects will be asked to provide any necessary consent at the time their data is collected, but are able to subsequently opt out of any marketing at any time.

Please note that the provisions relating to consent, and subsequent opt-out, do not apply to corporate entities (which includes their employees).
